SAXONY DEFIES THE FEDERAL DICTATOR

RADICAL MINISTER PRESIDENT ZEIGNER IN FIERY SPEECH

Declared to the Diet Today That He Was Ready to Fight for the Dictatorship of the Proletariat, and Reads Mueller Letter Demanding Disavowal

Saxon Communists Plan to Sell the State Forests to Buy Bread for the Hungry People, Also to Sell Crown Jewels to America to Raise Needed Funds

(By United Press)

Berlin, Oct. 18.—The radical minister-president of Saxony, Dr. Zeigner, today openly defied demands of the federal dictator of the Dresden district, General Mueller.

He openly disregarded the general's demand that the Saxon government disavow the fiery speeches of Saxony's finance minister, Boettcher.

Zeigner declared to the diet today he was ready to fight for dictatorship of the proletariat.

Zeigner read a letter from General Mueller demanding disavowal to the diet, asserting he objected to such attempts at interference with his government.

Although he swore allegiance to the constitution, he said the rights guaranteed by the constitution had been broken and that he was prepared for a struggle if it became necessary.

Mueller's Letter Quoted

Mueller's letter, while making no definite threat, firmly demanded a reply by 10 o'clock today stating "unequivocally" whether the "Saxon ministry as a whole identified itself and is in agreement with the principles of finance minister Boettcher, or whether the Saxon government is willing to act without regard to the utterances of finance minister Boettcher and in accordance with my instructions."

This letter was interpreted here and in Dresden as stripping the last vestige of covering from the sheer military dictatorship throughout the country.

15 Battalions of Troops

The general's demand was understood to be backed by the presence of 15 battalions of troops under orders to march at his command.

No indication was seen of Saxony's willingness to yield.

Latest reports from Dresden said the situation was quiet. It was known, however, efforts were being made in some quarters to effect a compromise, though how this might be brought about could not be foreseen.

Boettcher, in his inflammatory speeches to which Mueller took exception, declared that any attempt of the parties in the Reich to start a counter-revolution by political or economic attacks must be met by force.

Proletariat Must Stand Fire Baptism
The proletariat must be prepared to stand its baptism of fire, he said.

With President Ebert refusing the socialist demands here to raise the state of siege proclaimed throughout the country and Mueller ready to use force in Saxony, the situation was considered the most tense that has confronted the Reich since it abandoned resistance in the Ruhr.

Socialists were extremely bitter against Herr Kahn for denouncing democracy as "rule of the masses."

They scoffed at the Federal rule with impunity.

Sabre Rattling in Berlin

Boettcher's utterances, which were condemned as silly, were met by sabre rattling in Berlin. President Ebert, Chancellor Stresemann and Dictator Gessler approved the steps taken by Mueller, the government announced today.

The announcement was taken to mean the government was solidly backing the military and that they intend to make the Saxon Reds retreat from their radical assertion.

The Saxon communist path was indicated by Boettcher when he advocated the sale of the state forest to buy bread for the hungry people.

Sell Royal Jewels to America
Zeigner also advocated selling the royal jewels of the old monarchistic government of Saxony to America in order to obtain money to stimulate production in factories.

Members of the Thuringian government, also partly communistic, advocated installation of Russia's

foreign trade methods and other soviet principles.

Emergency efforts to relieve the acute hunger among the population by distribution of food, appeared effective in Berlin. The Bourse, frightened by demonstrations, furnished large food supplies on several trillion marks for workless.

SAXONY RED SITUATION CLAIMED AS CHECKED

Dresden, Oct. 18.—The Saxon Red situation was checked by National Dictator Gessler this afternoon.

General Mueller, representative of the national dictator, sent a letter to the Saxon socialist-communist government saying he had received instructions from Gessler.

Mueller had previously demanded that the Saxon regime announce its stand toward inflammatory utterances of finance minister Boettcher by 11 a. m.

Boettcher's remarks were considered virtually treason by the representatives of the Reich.

Severe food rioting broke out here in the Saxon capital this morning and was stopped only when police charged the starving population.

Police had the situation under control at noon, but the tension was such that new rioting might occur at any moment.

The army was held in readiness in barracks and at strategic points.

Troops were kept fully armed and ready for immediate action.

Military forces throughout the Dresden, Leipzig, Plauen and Chemnitz districts have been increased.

Communists and socialists were demanding mass meetings for tonight where speeches could be made and resolutions passed condemning the military action.

The crowd was tense as hordes of green police patrolled the streets.

The usual food riots broke out early today but were quickly dispersed by police.

Surprise was felt over the statement by the Berlin government that it would await Mueller's action and support him. Many were unable to explain this in face of what was generally called Mueller's backdown from his threat of yesterday.

Despite his letter today, it was thought his retreat may be only temporary and that he really would use troops as originally intended unless supporters of Herr Zeigner, president of the Saxon ministry, were ready to retract. This they had shown no signs of doing.

TROOPS ARE HELD IN RESERVE

Berlin, Oct. 18.—The minister of defense this evening instructed General Mueller in Dresden to use police only to dissolve Saxon communist "Red Hundreds."

The order was interpreted as a complete breakdown by the Federal government which had previously threatened to use the army.

Meuller was instructed to hold his

TOURIST MAY HELP PAY FOR HIGHWAYS

"PAINLESS TAX" ON GASOLINE WOULD YIELD LARGE SUMS ANNUALLY

Passage of the proposed gasoline tax amendment at the next election and a rate of 2-cents-a-gallon in 1925 will mean that tourists in Minnesota will contribute a million dollars to state trunk highway funds that year.

Automobile tourists from other states who are leaving more than \$37,500,000 of new money in Minnesota this season, would have left something like \$750,000 more toward the state highways they are using, were a gasoline tax in effect this year.

Tourist traffic revenue figures—present and possible—are given this week in a highway bulletin review of 1923 traffic census showings recently made public.

The conservative estimate of \$37,500,000 of new money brought and left in the state this season by automobile tourists from the outside is based on a daily average of 19,288 "foreign" cars on the 7,000-mile trunk system. The actual count of 15,568 cars from out of the state made last year, meant a total of nearly \$30,250,000 of money spent by tourists using them. On the same basis this year, tourists left nearly \$7,500,000 more than last.

The count of cars indicates that the daily average of auto tourists in Minnesota this year was 62,750, the bulletin states. Assuming that two-thirds of them stayed with friends or camped out at \$2 a day for each person and the others stopped at hotels at \$5 each day—there was a total of \$187,750 a day for lodging and meals. Incidentals of \$1 a day each added \$62,750. Each car averaging 150 miles a day and taking 10 gallons of gasoline and a quart of oil, meant more than \$50,000 a day for those items, all exclusive of repairs and like items. So the tourists left over Minnesota more than \$300,000 a day for necessities.

And at that rate only little more than four months more than \$37,500,000 of new money was placed in circulation in Minnesota by highway tourists.

DEFENSE SAYS DALTON SUED FOR PUBLICITY

Minneapolis, Oct. 18.—Louis L. Collins and Eloi Bauers, attorneys for William H. Fawcett, Robbinsdale publisher of "True Confessions," who is defendant in a suit brought by Emmett Dalton for \$1,000,000, alleging defamation of character, have filed an answer to the complaint. It is claimed in the answer that Dalton, who was a member of the Dalton gang which terrorized Kansas and Kentucky and was pardoned from a life sentence in federal penitentiary, brought the suit for publicity purposes.

troops in reserve.

The order came only after several hours' debate between government leaders. A section of the cabinet was understood to have favored letting Mueller go ahead in using the army to enforce federal supremacy in Bavaria.

Chancellor Stresemann, however, insisted on a moderate course.

Meantime Dresden dispatches indicate the red government is continuing its attitude of contempt toward the Reich.

Observers saw grave danger of further lessening of federal prestige as a result of the breakdown.

ERECTING BARBED WIRE BARRICADES

Mannheim, Germany, Oct. 18.—Strong detachments of police patrolled the streets here today erecting barbed wire barricades at strategic points to prevent repetition of yesterday's fatal rioting, in which two were killed and many wounded.

Police vigorously enforced their order forbidding all demonstrations.

MINK ATTACKS A WOMAN; FASTENS TEETH IN HER LEG

Mrs. Belle McKay, at Sandy Lake, hearing a commotion in the chicken coop of her home, as related by A. L. Mammel, of the Gull Lake dam, was surprised to find a mink attacking the fowl.

She ran from the coop and fell in the path. The mink dropped a fat hen it was tearing to pieces and attacked Mrs. McKay, fastening its teeth in her leg. Mrs. McKay clutched the mink by the throat and the animal never let go until she had choked it to death.

The animal's head has been sent to the State University to see if there is any danger of rabies developing from the bite.

Scranton, Pa., Oct. 18.—Pausing during the trial of liquor cases, Federal Judge C. B. Witmer called attention to the 800 cases of alleged violations of the prohibition law before the federal courts of Pennsylvania and declared that Governor Pinchot "instead of calling on others to take personal supervision of liquor violations, should set an example by using the state courts to punish the violators." Such a course, Judge Witmer said, not only would convince the people "of the governor's sincerity in his proclaimed efforts to wipe out liquor violations, but also would greatly assist the federal government in the orderly and efficient administration of the law."

ST. PAUL DISPATCH AND PIONEER PRESS SUES REV. SAFFORD

(By United Press)

St. Paul, Oct. 18.—Rev. George B. Safford, superintendent of the Anti-Saloon League in Minnesota, is defendant in a \$50,000 slander suit instituted Wednesday by the St. Paul Dispatch and Pioneer Press in Hennepin county district court.

Rev. Safford, according to the complaint, truthfully informed members of the Westminster church a week ago that a St. Paul brewing company "has had control for some time" of the newspapers. The suit was brought by trustees of the estate of the late Mrs. George Thompson, who owned a controlling interest.

The statement of ownership of the newspapers is presented to contradict the statement alleged to have been made by Safford. The papers will give to charity, it was said, any pecuniary emolument resulting from the suit.

20,000,000 ILLITERATES IN THE U. S.

Washington, Oct. 17.—A plea for enactment and enforcement of compulsory education laws and creation of a federal department of education was made in a speech here before the Supreme Council of the Scottish Rite, southern jurisdiction, by Reynold Blight, Los Angeles. Blight declared education is the most important question now demanding the attention of the American people.

"With approximately 20,000,000 illiterates in this country, the situation is little less than alarming," he said.

Late yesterday 190 Masons took the thirty-third degree, while the commander conferred the degree on 200 Scottish Rite masons.

Included among those who received the K. C. C. H. was Judge William H. McHenry, United States District Court, Des Moines.

The Brainerd Business Men's association had close to 100 per cent attendance at their supper and meeting staged Wednesday evening at the Brainerd Civic & Commerce rooms. The supper was presided over by O. A. Peterson and as is usual when he takes charge, it was an affair approaching the pretensions of a supper such as mother turns out on the farm.

Every man present had an appetite like a harvester on a hot day. There was baked ham done to a turn, potatoes au gratin, rolls, salad, ice cream, wafers, coffee, pickles, apples, cigars etc. Chef Al Beaver prepared the viands and a corps of deft skillful waiters deployed and served.

Big rosy apples, polished like the mirror of a backbar of the old days, were donated by the Brainerd Fruit company. Cigars were donated by the Brainerd Wholesale Grocery and the O'Brien & Son wholesale grocery. The three were given a rising vote of thanks for their generosity.

Con O'Brien Presided

At the conference the newly elected president, Con O'Brien presided. Mr. O'Brien plunged into the program quickly, the minutes of the directors' meeting were read by Secretary A. L. Hoffman and H. F. Michael led off in the discussion regarding the prevalence of promiscuous advertising in Brainerd. He took up various advertising schemes from rural directories to thermometer displays, from circuses to programs, all quite an expense in the aggregate.

He suggested as a solution some committee to pass on various propositions and recommend the meritorious, and elided the action taken by the St. Cloud business men in the matter.

St. Cloud's regulations were read and as they carried a \$25 fine for an offense of breaking the rules, the latter was considered too drastic for Brainerd.

O. A. Peterson, John M. Bye, Ike Markowitz, E. P. Slipp, Carl Wright, K. S. Bredenberg spoke on various phases of advertising.

Mr. Michael said no town can advance in any business or civic work unless there is co-operation, a working together of those interested. In the end a committee of three was appointed by President O'Brien, John M. Bye, Carl Wright and W. J. Lyons, to work out a system patterned after St. Cloud business men and made suitable for local conditions.

Armistice Day

Closing on Armistice Day was considered. Whatever action to be taken was to be for the future as the day this year comes on a Sunday. Action was left in the hands of the directors to report at the next meeting of the Business Men's Association.

Closing Hours

F. H. Gruenhagen voiced the need of a change of opening and closing hours in the hardware trade. His argument was to open at 7 a. m. and close at 5:30 p. m. from April 1 to Nov. 1; the balance of the year open at 8 a. m. Abandon pay day night openings. Close Saturday nights at 9 p. m. instead of 8 p. m. He claimed 8 p. m. closing Saturday did not give the farmer time to get to town and do any trading.

For Christmas season he proposed having four nights open before the holiday and closing Christmas eve.

MENTAL TEST SEEN AS REQUIREMENT FOR A MARRIAGE LICENSE

The average prospective bridegroom is up in the air when he gets his marriage license and frequently forgets ages, and other facts. To add to his troubles Wisconsin people who first had a test made of health conditions, now want a mental test.

Passing of an intelligence test as a requirement for marriage can be looked for within 10 or 20 years, Prof. E. A. Ross, of the University of Wisconsin faculty and nationally known sociologist, said today. The mental test probably will be a part of the marriage code, much as the physical examination is now in many states, Professor Ross said.

SHOOTING AFFRAY AMONG NEGROES

(By United Press)

St. Paul, Oct. 18.—One woman is dead, one dying, and police are searching for a man as the result of a shooting affray early today. All three are colored.

Mrs. Bessie Ruchs, 30, was shot by an assailant while lying in bed. Her mother, Mrs. Tillie Denham, was shot through the lungs and is dying. Mrs. Denham told police Sherman Smith fired the shot.

Danish Girl Travels 10,000 Miles to Wed Childhood Sweetheart

Miss Sigrid Nielsen, 22 year old Danish girl, has reached New York, en route to Portland, Ore., where she is to be married to Captain Hans Schiern, formerly of the Danish army. The captain inherited a fortune some time ago and came to America, buying a large ranch near Portland. Then he sent for his childhood sweetheart to make the 10,000-mile journey to wed.

The next meeting of the Business Men's Association will be held Friday, November 9.

President O'Brien said the business men should turn out 100 per cent and referred to the two luncheon clubs of Brainerd, the Lions and Rotarians, which always had well attended meetings.

John H. Krekelberg, Henry I. Cohen and Dr. R. A. Beise, the latter a newly elected director of the Business Men's Association, brought out new points in the discussion.

PROHIBITION MAN RUN OVER BY A BOOTLEG TRUCK

A. E. WHITNEY PROBABLY FATAL-
LY INJURED AT RAID IN
NEW MUNICH

TRUCK DRIVER REFUSED TO
HALT AND RAN DOWN THE
AGENT, CRUSHING SKULL

(By United Press)

St. Cloud, Minn., Oct. 18.—A. E. Whitney, Minneapolis prohibition officer, was probably fatally injured late last night when bootleggers raiding a sealed brewery at New Munich ran over him with their truck. A big squad of agents from Minneapolis joined the search for the bootleggers shortly before noon today.

Federal agents Wednesday closed the Mathew Pitzel brewery at New Munich, sealing 1,800 bottles and 40 big cases of beer alleged to have contained nearly 5 per cent alcohol.

Late last night two men thought to be bootleggers were raiding the sealed warehouse. Whitney and Maurice Silverman were sent out to investigate.

Arriving there they discovered a truck loading up with confiscated beer. Whitney ran in front of the truck and ordered them to halt. Instead of stopping the driver stepped on the accelerator and the speeding truck ran Whitney down, passing over his body and crushing his skull. He is lying in St. Raphael's hospital, St. Cloud.

Silverman, after getting Whitney to the hospital, called for help and started a search for the truck.

H. L. Duncan, group enforcement chief of the Federal prohibition office, arrived here with a big squad of men to aid in the search for the thieves. They are prepared for gun play.

St. Cloud, Minn., Oct. 18.—Federal prohibition agents scurried into a patch of woods east of New Munich shortly after noon today on the trail of the man who ran down and probably fatally injured Agent A. E. Whitney early this morning with a truckload of stolen beer.

Lead by H. L. Duncan, group enforcement chief, agents said that they had learned the name and hiding place of the man who ran Whitney down. The truck, in which beer was being loaded from the New Munich brewery, was abandoned by the driver.

Joseph Sigman, farmer living near Avon, was arrested inside the Matt Pitzel brewery by Agent Maurice Silverman after Whitney had been injured. Sigman confessed to having been a party in the attempted robbery. He gave the name of the truck driver, police said. Sigman was placed in Stearns county jail this morning.

Whitney and Silverman went to the brewery last night when they learned an attempt was being made to steal large quantities of bottled beer, containing nearly 5 per cent alcohol, which had been seized by agents and sealed in the warehouse.

The agents permitted the bootleggers to load their truck, and when the driver started away Whitney stepped into the road with a revolver in his hand, commanding the driver to stop. He was run down and his skull crushed. Silverman fired at the driver as he sped on.

Silverman took Whitney to a hospital and returned to the brewery and arrested Sigman. He trailed the truck and found it abandoned in the road opposite a patch of woods where it had been left by the driver.

Chief Duncan said the brewer, Pitzel, had telephoned the enforcement office that an attempt was being made to steal his beer. Agents are inclined to believe the telephone call was a ruse and will continue to investigate to determine whether Pitzel is involved in the attempted robbery.

SAXONY DEFIES THE FEDERAL DICTATOR

RADICAL MINISTER PRESIDENT ZEIGNER IN FIERY SPEECH

Declared to the Diet Today That He Was Ready to Fight for the Dictatorship of the Proletariat, and Reads Mueller Letter Demanding Disavowal

Saxon Communists Plan to Sell the State Forests to Buy Bread for the Hungry People, Also to Sell Crown Jewels to America to Raise Needed Funds

(By United Press)

Berlin, Oct. 18.—The radical minister-president of Saxony, Dr. Zeigner, today openly defied demands of the federal dictator of the Dresden district, General Mueller.

He openly disregarded the general's demand that the Saxon government disavow the fiery speeches of Saxony's finance minister, Boettcher.

Zeigner declared to the diet today he was ready to fight for dictatorship of the proletariat.

Zeigner read a letter from General Mueller demanding disavowal to the diet, asserting he objected to such attempts at interference with his government.

Although he swore allegiance to the constitution, he said the rights guaranteed by the constitution had been broken and that he was prepared for a struggle if it became necessary.

The Brainerd Business Men's association had close to 100 per cent attendance at their supper and meeting staged Wednesday evening at the Brainerd Civic & Commerce rooms. The supper was presided over by O. A. Peterson and as is usual when he takes charge, it was an affair approaching the pretensions of a supper such as mother turns out on the farm.

Every man present had an appetite like a harvester on a hot day. There was baked ham done to a turn, potatoes au gratin, rolls, salad, ice cream, wafers, coffee, pickles, apples, cigars etc. Chef Al Beaver prepared the viands and a corps of deft skillful waiters deployed and served.

Big rosy apples, polished like the mirror of a backbar of the old days, were donated by the Brainerd Fruit company. Cigars were donated by the Brainerd Wholesale Grocery and the O'Brien & Son wholesale grocery. The three were given a rising vote of thanks for their generosity.

Con O'Brien Presided

At the conference the newly elected president, Con O'Brien presided. Mr. O'Brien plunged into the program quickly, the minutes of the directors' meeting were read by Secretary A. L. Hoffman and H. F. Michael led off in the discussion regarding the prevalence of promiscuous advertising in Brainerd. He took up various advertising schemes from rural directories to thermometer displays, from circuses to programs, all quite an expense in the aggregate.

He suggested as a solution some committee to pass on various propositions and recommend the meritorious, and cited the action taken by the St. Cloud business men in the matter.

St. Cloud's regulations were read and as they carried a \$25 fine for an offense of breaking the rules, the latter was considered too drastic for Brainerd.

O. A. Peterson, John M. Bye, Ike Markowitz, E. P. Slipp, Carl Wright, K. S. Bredenberg spoke on various phases of advertising.

Mr. Michael said no town can advance in any business or civic work unless there is co-operation, a working together of those interested. In the end a committee of three was appointed by President O'Brien, John M. Bye, Carl Wright and W. J. Lyons, to work out a system patterned after St. Cloud business men and made suitable for local conditions.

Armistice Day

Closing on Armistice Day was considered. Whatever action to be taken was to be for the future as the day this year comes on a Sunday. Action was left in the hands of the directors to report at the next meeting of the Business Men's Association.

Closing Hours

F. H. Gruenhagen voiced the need of a change of opening and closing hours in the hardware trade. His argument was to open at 7 a. m. and close at 5:30 p. m. from April 1 to Nov. 1; the balance of the year open at 8 a. m. Abandon pay day night openings. Close Saturday nights at 9 p. m. instead of 8 p. m. He claimed 8 p. m. closing Saturday did not give the farmer time to get to town and do any trading.

For Christmas season he proposed having four nights open before the holiday and closing Christmas eve. A vote was taken on making a

MENTAL TEST SEEN AS REQUIREMENT FOR A MARRIAGE LICENSE

The average prospective bridegroom is up in the air when he gets his marriage license and frequently forgets ages, and other facts. To add to his troubles Wisconsin people who first had a test made of health conditions, now want a mental test.

Passing of an intelligence test as a requirement for marriage can be looked for within 10 or 20 years, Prof. E. A. Ross, of the University of Wisconsin faculty and nationally known sociologist, said today. The mental test probably will be a part of the marriage code, much as the physical examination is now in many states, Professor Ross said.

ADMINISTRATION BACKS WOOD

STANDS SQUARELY BEHIND GOV.
ERNOR-GENERAL OF
PHILIPPINES

(By United Press)

Washington, Oct. 18.—The administration stands squarely behind Governor-General Wood of the Philippine Islands in his present friction with the Philippines, Secretary of War Weeks cabled Wood today.

"You are entitled to the support of the administration, and you have it," Weeks cabled.

"The powers of the government have not been exceeded by you in any instance of which the war department has been advised," Weeks cabled Wood, referring to charges of Wood's critics that he had usurped legislative powers granted the Philippine legislature, which have been under investigation by the war department.

SHOOTING AFFRAY AMONG NEGROES

(By United Press)

St. Paul, Oct. 18.—One woman is dead, one dying, and police are searching for a man as the result of a shooting affray early today. All three are colored.

Mrs. Bessie Ruchs, 30, was shot by an assailant while lying in bed. Her mother, Mrs. Tillie Denham, was shot through the lungs and is dying. Mrs. Denham told police Sherman Smith fired the shot.

Danish Girl Travels 10,000 Miles to Wed Childhood Sweetheart

Miss Sigrid Nielsen, 22 year old Danish girl, has reached New York en route to Portland, Ore., where she is to be married to Captain Hans Schiern, formerly of the Danish army. The captain inherited a fortune some time ago and came to America, buying a large ranch near Portland. Then he sent for his childhood sweetheart to make the 10,000-mile journey to wed.

change of nights open before Christmas, changing the regular schedule, which failed of passage.

Those speaking on the subject were Mons Mahlum, John M. Bye, W. J. Hall, Ike Markowitz, Con O'Brien, H. F. Michael, A. L. Hoffman.

To the directors was referred the other points brought out on closing hours to report on at the next meeting.

Next Meeting November 9th

The next meeting of the Business Men's Association will be held Friday, November 9.

President O'Brien said the business men should turn out 100 per cent and referred to the two luncheon clubs of Brainerd, the Lions and Rotarians, which always had well attended meetings.

John H. Krekelberg, Henry I. Cohen and Dr. R. A. Belse, the latter a newly elected director of the Business Men's Association, brought out new points in the discussion.

PROHIBITION MAN RUN OVER BY A BOOTLEG TRUCK

A. E. WHITNEY PROBABLY FATAL-
LY INJURED AT RAID IN
NEW MUNICH

TRUCK DRIVER REFUSED TO
HALT AND RAN DOWN THE
AGENT, CRUSHING SKULL

(By United Press)

St. Cloud, Minn., Oct. 18.—A. E. Whitney, Minneapolis prohibition officer, was probably fatally injured late last night when bootleggers raiding a sealed brewery at New Munich ran over him with their truck. A big squad of agents from Minneapolis joined the search for the bootleggers shortly before noon today.

Federal agents Wednesday closed the Mathew Pitzel brewery at New Munich, sealing 1,800 bottles and 40 big cases of beer alleged to have contained nearly 5 per cent alcohol. Late last night two men thought to be bootleggers were raiding the sealed warehouse. Whitney and Maurice Silverman were sent out to investigate.

Arriving there they discovered a truck loading up with confiscated beer. Whitney ran in front of the truck and ordered them to halt. Instead of stopping the driver stepped on the accelerator and the speeding truck ran Whitney down, passing over his body and crushing his skull. He is lying in St. Raphael's hospital, St. Cloud.

Silverman, after getting Whitney to the hospital, called for help and started a search for the truck.

H. L. Duncan, group enforcement chief of the Federal prohibition office, arrived here with a big squad of men to aid in the search for the thieves. They are prepared for gun play.

St. Cloud, Minn., Oct. 18.—Federal prohibition agents scurried into a patch of woods east of New Munich shortly after noon today on the trail of the man who ran down and probably fatally injured Agent A. E. Whitney early this morning with a truckload of stolen beer.

Lead by H. L. Duncan, group enforcement chief, agents said that they had learned the name and hiding place of the man who ran Whitney down. The truck, in which beer was being loaded from the New Munich brewery, was abandoned by the driver.

Joseph Sigman, farmer living near Avon, was arrested inside the Matt Pitzel brewery by Agent Maurice Silverman after Whitney had been injured. Sigman confessed to having been a party in the attempted robbery. He gave the name of the truck driver, police said. Sigman was placed in Stearns county jail this morning.

Whitney and Silverman went to the brewery last night when they learned an attempt was being made to steal large quantities of bottled beer, containing nearly 5 per cent alcohol, which had been seized by agents and sealed in the warehouse.

The agents permitted the bootleggers to load their truck, and when the driver started away Whitney stepped into the road with a revolver in his hand, commanding the driver to stop. He was run down and his skull crushed. Silverman fired at the driver as he sped on.

Silverman took Whitney to a hospital and returned to the brewery and arrested Sigman. He trailed the truck and found it abandoned in the road opposite a patch of woods where it had been left by the driver.

Chief Duncan said the brewer, Pitzel, had telephoned the enforcement office that an attempt was being made to steal his beer. Agents are inclined to believe the telephone call was a ruse and will continue to investigate to determine whether Pitzel is involved in the attempted robbery.

W. C. T. U. PLANS FALL, WINTER WORK

As Outlined by President Mrs. Grondin; Pledge Canvass Made Indicates Favorable Response

FINANCES IN GOOD SHAPE

Sheriff Reid Allows Services to be Held in the County Jail Sunday Afternoons
(Contributed)

The Frances Willard Council of the Womens' Christian Temperance Union held a very interesting meeting in the Y. M. C. A. parlor on October 12. The fall and winter work was outlined by the president, Mrs. Grondin.

A very favorable report of the Pledge Canvass was given by those having it in charge.

The finance committee reported a neat sum in the treasury. It was decided to continue making rag rugs and Mrs. G. E. Wolhart offered the use of her home every Monday afternoon for the sewing of carpet rags. Any one having anything in this line to donate, please take to or notify Mrs. Wolhart.

Sheriff Reid very kindly consented to allow services to be held in the county jail on Sunday afternoons. The first of these will be held Sunday, October 21 at 2:45 o'clock. The Captain of the Salvation Army will be in charge of the service this Sunday.

WOODROW NEWS

There will be a pie social given at the Twin Island school house Saturday evening Oct. 20th at 8 o'clock. Ladies bring pie. Everybody come and have a good time. All welcome.

The Brainerd visitors from Woodrow Wednesday were Mr. and Mrs. Ole Norgard and Miss Dorothea Gerth, Mr. and Mrs. Theo. Sather.

The young people from Woodrow attended the last dance given at Bourassa's barn Saturday night, all saying they had enjoyed a good time.

Miss Emma Cowling, the teacher of the Twin Island school, and Miss Joan Olson were at Miss Cowling's home at Deerwood for the week end.

Miss Emma Nelson graduated from the Brainerd business college and is now employed in one of the wholesale houses in St. Paul.

Mr. and Mrs. Ole Norgard and Christ Reisinger attended the auction sale at Nokoy Lake Monday.

Mr. and Mrs. R. A. Kunde and little son Stewart, Mrs. John Nelson and sons Thomas and Peter and daughter Gladys visited relatives and friends in Cuyuna Sunday.

John Nelson, son and daughter, Peter and Gladys, were Brainerd, en-lers Tuesday.

Henry I. Cohen and Hilding Swanson of Brainerd were here looking over Mr. Cohen's property.

The farmers near here are just getting through with their fall work.

Miss Minnie Nelson visited at her home Sunday.

Miss Betty Johnson visited friends and relatives in Rossburg Sunday afternoon.

The Misses Dorothea Norgard and Inga Nelson motored to M. A. Olson's on Wednesday evening.

Arthur Kunde called on C. A. Norgard Sunday.

Alfred Sather of Superior, Wis., visited at his home near here last Sunday.

Everybody come to the pie social at the Twin Island school, three miles straight east of Woodrow.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

"Adam and Eva" At Lyceum

Close upon the heels of "When Knighthood Was In Flower" comes another production by Cosmopolitan Corporation with Marion Davies in the stellar role. It is "Adam and Eva," which was shown at the Lyceum theatre for the first time with great success last night. Miss Davies, as Eva King, is a typical

modern girl of wealth. The cast is excellent. It will be shown again tonight for the last time, in addition to "The Musical Osbornes" a very clever vaudeville act, of four people who appear on the same program. Patrons of the Lyceum last night were loud in their applause over this highly satisfactory combination program.

Early Days of War Relived Making Film

In filming "Enemies of Women," considered by many to be Vicente Blasco Ibanez's greatest romance, Cosmopolitan Productions probably occasioned more excitement in certain sections of Paris than the capital of France has witnessed since that memorable day in August, 1914, when the declaration of war was made. Although not the most predominant factor, the war itself is woven through the story and many of the scenes in the picture reveal

the patriotic fervor of the gay boulevardiers as they swarmed to the protection of La Belle France.

Paris, Nice and Monte Carlo, all being locations for "Enemies of Women," the Cosmopolitan Corporation, desirous of overlooking no opportunity to give to the photoplay the last touch of atmosphere, sent the entire company making the picture to Europe for six weeks. Of these six weeks, two weeks were spent in Paris during which time many Parisians relived the days when the war cloud settled over Europe. This photoplay, distributed by Goldwyn-Cosmopolitan, will be screened at the New Park for three days, Saturday, Sunday and Monday.

Farnum Coming Here In Thrilling Western

A thrilling story of the west, "Moonshine Valley," a big William Fox production with William Farnum as the star, will come to the

Lyceum theatre on Friday and Saturday.

The popularity of Farnum grows greater with every new picture in which he appears. And there is good reason for this. William Farnum's pictures are always blooded thrills. Farnum represents man as we all wish to see him—a man who fights for right, who battles against injustice, large and small.

NOURISHMENT OF CHILDREN

On the farm, where milk is abundant and where vegetables are ever at hand, children secure the nourishment which they require. This statement may not be true in all cases, but it is generally true that on the farm the things given as foods contain the nourishment required by growing children.

In the city it is not so easy to provide adequate nourishment for the children in the home. Vegetables are not in the cellar or growing in the garden, milk must be bought and there is a tendency to take just as much as is actually required and not as much as the children can drink. Many of the things that may be served up as meals can be secured already prepared and they sometimes are to the disadvantage of the children in the home.

Wonderful advances have been made in the knowledge of what really feeds the bodies of folks. Food values have been analyzed and it is easy to find just what the values are in any of the foods offered to a family. There are some who think that this has been overdone and they call attention to their youth when children were well nourished when no particular study was given to food values and people ate just what they wanted and liked. To a certain extent this may be true, for too much interest in digestive processes may interfere with those processes and nature is prepared, when functioning normally, to attend to digestion without the mind's aid in the work. Many a person is sick because of too much thought about the natural workings of the human body.

What has been said does not make the study of food values of none effect. It has been proved that one may eat a great deal of certain foods and get little nourishment while much less of other foods will supply just as much nourishment. This is a fact, and it is a fact that should have proper weight. There is no excuse for failure to provide proper nourishment for children, for such nourishment does not demand that a higher price be paid to secure it. Simple and wholesome foods are often the cheaper and can be procured by all. Knowing what these are, preparing them in the right way and serving them at the right time will result in proper and adequate nourishment, and those who control the pantries of homes have a serious responsibility placed upon them. The health of their husbands and children is at stake and their own health depends upon what is served up at breakfast, dinner and supper.

A recent investigation at Gary, Indiana, disclosed that of 6,015 children examined only 25, or less than half of one per cent, had a "diet capable of meeting the body's needs and administered with some consideration for the child's age and development."

PUBLIC LIBRARY'S SERVICE ENLARGED

By voting one mill to the Public Library the city council has made possible a larger service in meeting the growing needs of a public trained by the library to appreciate good books. The council is to be congratulated upon this vote, for the services of the Public Library, while they are not spectacular, are nevertheless important in the life of this city. The library facilitates research work and is frequented by the youth of the city, whose desire to find more light on subjects of study can be met within its walls, it offers pleasure to readers who draw from it books that bring enjoyment through many hours, it attracts children whose hours are better spent therein than on the streets of the city, and it offers books to children to be read at home, these books winning the interest of young people and supplying an attraction in the absence of which the time devoted to them would be spent in other and, perhaps, questionable pursuits.

In this age when juvenile delinquency is rampant, so that those who are advised of the grim facts are alarmed over the situation, it is well that every effort should be made for the purpose of substituting something to win the interest of children and to afford them pleasure the enjoyment of which is not detrimental. When all manner of appeals are made to youth, and when the tendency of the age leads to the spreading of interest over innumerable things, it is highly desirable that attempts should be made to encourage interest in those things that are enduring. Filling up the spare hours with that which is good will develop an interest in the good and fill memory with pictures whose recollection will bring satisfaction in later years.

How to make a living is a question that must always demand attention, and it is well that interest should be directed toward teaching youth the essentials of service in various fields of activity, but there is another question which, from the standpoint of its effect upon the happiness of the individual, is yet more important and has to do with filling up the leisure hours. Wages, hours and material satisfaction never bring abiding happiness, which is essentially an inward gift, and if the life is filled early with interest in the finer things of literature, the treasures that are stored up can be digged again and again and the leisure hours peopled with the characters of the past as these are painted by the best writers. When this is true life does not spread itself all over the city and chase every pleasure that is promised by amusements outside, life itself is enriched and from its storehouse satisfaction is drawn that gives quiet and homely enjoyment. The Public Library is building up such good in the lives of the young people and the city council has evidenced its appreciation of this by voting a larger amount to its work.

BRAINERD'S Leslie Bush and New York's Bullet Joe Bush are one and the same and both New York and his home town, Brainerd, rejoiced over the splendid game he pitched. The Dispatch announced that we were looking for a splendid game, and he pitched one.

WHAT the high school failed to do in football it has yet a chance of doing in basketball and parents and citizens in general are hoping that the basketball team will win more games than it loses. Both teams represent the local high school.

If Minnesotans could fully appreciate the beauty and comfort of the fall of the year they would take the heat of the summer and the cold of the winter more cheerfully. Such fall weather as Minnesota knows is worth paying for.

EARL McINNES TO MANAGE WALDORF

R. R. Wise Hotel at Fargo, N. D.,
 Leased to Former Manager of Rex
 of International Falls

NEGOTIATIONS CLOSED MONDAY

Deal Was Handled by the Northwestern Hotel Brokerage and Realty Company
 (From Fargo Daily Tribune of October 16)

Earl McInnes, who for the past few years has managed the Rex hotel at International Falls, Minn., today takes possession of the Waldorf hotel in Fargo. The deal for the purchase of this hotel from A. J. DuBeau was closed yesterday morning. The consideration was not given out.

Mr. McInnes operated hotels in Minneapolis before coming to International Falls and comes highly recommended as a hotel man who has been exceptionally successful. The negotiations for the deal have been in process for the past two months.

Du Beau to Alexandria

Mr. Du Beau bought the Waldorf four years ago and has conducted a very successful business. About a year ago he purchased the Blake summer hotel near Alexandria, Minn., and it is his intention to devote eight months a year to that business and spend the four winter months in the south. Mr. and Mrs. Du Beau will leave for California to spend the winter soon.

Mr. McInnes announced yesterday that he intends to put in a number of improvements in the Waldorf at the near future. The building is to be completely redecorated from basement to roof and a considerable amount of new furniture and fixtures put in.

"I intend to conduct a first class hotel for Fargo in all that the term implies," said Mr. McInnes. "I have made several trips to Fargo the past two months and I believe it is a good place to locate in. That is why I have made this investment and have located here."

Mr. McInnes is married and they have one daughter, Marion, 11 years old. Mrs. McInnes and Miss Marion are with Mr. McInnes at the Waldorf.

Regrets Leaving Fargo

Mr. DuBeau stated yesterday that he regretted leaving Fargo but that he had found that it is too strenuous a task for him and Mrs. Du Beau to manage both the Fargo and Alexandria hostilities. "Both myself and Mrs. DuBeau have worked hard all our lives and we now think we have an opportunity to see something of the world and we will avail ourselves of it," said Mr. Du Beau. "We expect to leave soon for California to spend the winter and will return to Alexandria in the spring."

R. R. Wise of Brainerd, Minn., owner of the Waldorf hotel block, was in Fargo yesterday in connection with the transfer. The deal was handled by the Northwestern Hotel Brokerage and Realty Company of Minneapolis, J. T. Mahoney of that firm being here in charge of the negotiations.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itchy eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowle's Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

Better Movies Discussed
 Minneapolis, Oct. 18.—Women of five states met here today to discuss better movies.

Will Hays, chief of the Motion Picture Producers and Distributors of America, will be one of the principal speakers at the conference arranged by the Fifth district, Minnesota Federation of Women's clubs.

Representatives of women's clubs of Minnesota, the Dakotas, Iowa and Wisconsin, flocked here for the conference.

Mrs. Thomas G. Winter, president of the General Federation of Women's Clubs of America, will lead the discussion. Discussion will deal with better films, better music in show houses and the value of educational films for the youth of the land.

Sixteen programs are arranged for the winter. Henry Vorbruggen will conduct. The opening program excludes all soloists.

Junior Livestock Show

St. Paul, Oct. 18.—The Junior Livestock Show to be held at South St. Paul Nov. 14, 15 and 16, will be marked by unusual features this year.

For the first time in the history of this event, great in the eye of Minnesota's farm youth, fat poultry will be exhibited, opening up a new field for contestants from Minnesota farms.

It is said that farm boys and girls from 20 counties will compete for poultry honors.

Purebred junior yearlings will be another new class for exhibition by Minnesota farm boys and girls. This will be for purebred calves born between Jan. 1 and Oct. 31, 1922. A distinction between land type and bacon type hogs will also be made, giving an opportunity for entries for Yorkshires, Tamworths and other bacon breeds.

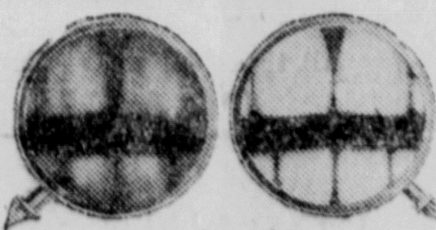

The introduction of poultry, including chickens, ducks, geese and turkeys will give those seeking Thanksgiving birds an opportunity to buy at the sales which follow the judging contest.

Biggest Land Area in Asia

Ash, covers one-third the land surface of the globe, with a coast line more than 9,000 miles greater than the entire circumference of the earth, says the Detroit News. The continent stretches from the equator to the north pole; from the narrow Behring strait that separates it from North America to the Suez canal that cuts it off from Africa. It embraces the most desolate and uninhabitable areas of the earth; at the same time it sustains the densest populations. Its face is scarred by the deepest depressions yet measured by man; while, on the other hand, its tremendous unquarried, mid-shrouded mountains far overtop those of all other continents. It experiences the highest known temperatures and also the coldest known to man—temperatures far colder than the Polar regions.

New Liquid Whitens Yellow Teeth!

No more dull, yellowish teeth! No more teeth, stained by tobacco or other discolored substances. For a marvelous new liquid has been perfected which—in just three minutes—gives even the dulled teeth a wonderful new whiteness and sparkle. This new safe liquid, called Bleachodont, is the discovery of a prominent dentist. You just apply it to the teeth—and they quickly take on a marvelous brilliance—a pearly whiteness. For Bleachodont contains certain harmless ingredients which actually curdle or dissolve the stains on teeth—so that every unsightly blemish may be instantly removed by an ordinary tooth brush. Even after the first few applications your teeth will be so pearly white—so charmingly pretty and lustrous—that they will be the admiration of all your friends. Bleachodont is absolutely safe—you could soak your teeth in Bleachodont a month and the enamel would be just as good as ever. Fine for the gums. Get Bleachodont today if you want snowy white teeth. NOURISHMENT OF CHILDREN

ON the farm, where milk is abundant and where vegetables are ever at hand, children secure the nourishment which they require. This statement may not be true in all cases, but it is generally true that on the farm the things given as foods contain the nourishment required by growing children.

In the city it is not so easy to provide adequate nourishment for the children in the home. Vegetables are not in the cellar or growing in the garden, milk must be bought and there is a tendency to take just as much as is actually required and not as much as the children can drink. Many of the things that may be served up as meals can be secured already prepared and they sometimes are to the disadvantage of the children in the home.

Wonderful advances have been made in the knowledge of what really feeds the bodies of folks. Food values have been analyzed and it is easy to find just what the values are in any of the foods offered to a family. There are some who think that this has been overdone and they call attention to their youth when children were well nourished when no particular study was given to food values and people ate just what they wanted and liked. To a certain extent this may be true, for too much interest in digestive processes may interfere with those processes and nature is prepared, when functioning normally, to attend to digestion without the mind's aid in the work. Many a person is sick because of too much thought about the natural workings of the human body.

What has been said does not make the study of food values of none effect. It has been proved that one may eat a great deal of certain foods and get little nourishment while much less of other foods will supply just as much nourishment. This is a fact, and it is a fact that should have proper weight. There is no excuse for failure to provide proper nourishment for children, for such nourishment does not demand that a higher price be paid to secure it. Simple and wholesome foods are often the cheaper and can be procured by all. Knowing what these are, preparing them in the right way and serving them at the right time will result in proper and adequate nourishment, and those who control the pantries of homes have a serious responsibility placed upon them. The health of their husbands and children is at stake and their own health depends upon what is served up at breakfast, dinner and supper.

A recent investigation at Gary, Indiana, disclosed that of 6,015 children examined only 25, or less than half of one per cent, had a "diet capable of meeting the body's needs and administered with some consideration for the child's age and development."

PUBLIC LIBRARY'S SERVICE ENLARGED

By voting one mill to the Public Library the city council has made possible a larger service in meeting the growing needs of a public trained by the library to appreciate good books. The council is to be congratulated upon this vote, for the services of the Public Library, while they are not spectacular, are nevertheless important in the life of this city. The library facilitates research work and is frequented by the youth of the city, whose desire to find more light on subjects of study can be met within its walls, it offers pleasure to readers who draw from it books that bring enjoyment through many hours, it attracts children whose hours are better spent therein than on the streets of the city, and it offers books to children to be read at home, these books winning the interest of young people and supplying an attraction in the absence of which the time devoted to them would be spent in other and, perhaps, questionable pursuits.

In this age when juvenile delinquency is rampant, so that those who are advised of the grim facts are alarmed over the situation, it is well that every effort should be made for the purpose of substituting something to win the interest of children and to afford them pleasure the enjoyment of which is not detrimental. When all manner of appeals are made to youth, and when the tendency of the age leads to the spreading of interest over innumerable things, it is highly desirable that attempts should be made to encourage interest in those things that are enduring. Filling up the spare hours with that which is good will develop an interest in the good and fill memory with pictures whose recollection will bring satisfaction in later years.

How to make a living is a question that must always demand attention, and it is well that interest should be directed toward teaching youth the essentials of service in various fields of activity, but there is another question which, from the standpoint of its effect upon the happiness of the individual, is yet more important and has to do with filling up the leisure hours. Wages, hours and material satisfaction never bring abiding happiness, which is essentially an inward gift, and if the life is filled early with interest in the finer things of literature, the treasures that are stored up can be digged again and again and the leisure hours peopled with the characters of the past as these are painted by the best writers. When this is true life does not spread itself all over the city and chase every pleasure that is promised by amusements outside, life itself is enriched and from its storehouse satisfaction is drawn that gives quiet and homely enjoyment. The Public Library is building up such good in the lives of the young people and the city council has evidenced its appreciation of this by voting a larger amount to its work.

BRAINERD'S Leslie Bush and New York's Bullet Joe Bush are one and the same and both New York and his home town, Brainerd, rejoiced over the splendid game he pitched. The Dispatch announced that we were looking for a splendid game, and he pitched one.

EARL McINNES TO MANAGE WALDORF

R. R. Wise Hotel at Fargo, N. D.,
Leased to Former Manager of Rex
of International Falls

NEGOTIATIONS CLOSED MONDAY

Deal Was Handled by the North-
western Hotel Brokerage and
Realty Company

(From Fargo Daily Tribune of
October 16)

Earl McInnes, who for the past few years has managed the Rex hotel at International Falls, Minn., today takes possession of the Waldorf hotel in Fargo. The deal for the purchase of this hotel from A. J. DuBeau was closed yesterday morning. The consideration was not given out.

Mr. McInnes operated hotels in Minneapolis before coming to International Falls and comes highly recommended as a hotel man who has been exceptionally successful. The negotiations for the deal have been in process for the past two months.

Du Beau to Alexandria

Mr. Du Beau bought the Waldorf four years ago and has conducted a very successful business. About a year ago he purchased the Blake summer hotel near Alexandria, Minn., and it is his intention to devote eight months a year to that business and spend the four winter months in the south. Mr. and Mrs. Du Beau will leave for California to spend the winter soon.

Mr. McInnes announced yesterday that he intends to put in a number of improvements in the Waldorf in the near future. The building is to be completely redecorated from basement to roof and a considerable amount of new furniture and fixtures put in.

"I intend to conduct a first class hotel for Fargo in all that the term implies," said Mr. McInnes. "I have made several trips to Fargo the past two months and I believe it is a good place to locate in. That is why I have made this investment and have located here."

Mr. McInnes is married and they have one daughter, Marion, 11 years old. Mrs. McInnes and Miss Marion are with Mr. McInnes at the Waldorf.

Regrets Leaving Fargo

Mr. DuBeau stated yesterday that he regretted leaving Fargo but that he had found that it is too strenuous a task for him and Mrs. Du Beau to manage both the Fargo and Alexandria hostilities. "Both myself and Mrs. DuBeau have worked hard all our lives and we now think we have an opportunity to see something of the world and we will avail ourselves of it," said Mr. Du Beau. "We expect to leave soon for California to spend the winter and will return to Alexandria in the spring."

R. R. Wise of Brainerd, Minn., owner of the Waldorf hotel block, was in Fargo yesterday in connection with the transfer. The deal was handled by the Northwestern Hotel Brokerage and Realty Company of Minneapolis, J. T. Mahoney of that firm being here in charge of the negotiations.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itchy eczema, can be quickly overcome by applying a little Mento-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowle's Mento-Sulphur from any good druggist and use it like cold cream.—Adv.

STANDARD LBR. CO. STARTS BUILDING

Work Progressing Rapidly on the Foundation and Piers at Seventh and Maple

MAIN SHED TO BE MOVED
Measures 60 by 100 Feet, Will be Enlarged to 80 by 140 Feet, Facing on Seventh Street

Work is progressing rapidly on the foundation and piers for the buildings of the Standard Lumber Company at the new location, corner of Maple and South Seventh street. It is expected that this concrete work will be completed in the next week or ten days, if the weather permits.

The main lumber shed, now in use by the company at its old location near the river bridge, will be moved to the new site and will form the nucleus of the proposed plant there. This shed is 60 ft. by 100 ft. and will be enlarged to 80 ft. by 140 ft. It will face on Seventh street but placed forty feet back from the sidewalk.

Occupying the space between this shed and the walk will be two buildings, one on either side of a driveway, one will be the office, the other the sash and door warehouse. Both of these buildings will be built along the bungalow line. The office will be directly on the corner with a corner entrance facing northwest. It will be modern throughout, with a full basement, furnace, etc. The office dimensions will be 37 ft. by 22 ft. the sash and door warehouse 37 ft. by 38 ft. Wagon scales will be installed on the north side of the office on the boulevard.

This arrangement of buildings is an entirely new departure in lumber yard construction, and is planned for its convenience as well as for the better housing of the company's products.

Along the south line of the property a new lumber shed 15 ft. by 70 ft. is to be constructed, an ornamental fence and gate connecting it with the main building on the north. As now planned, there will be enough shed room to store over half a million feet of lumber under cover.

At the rear or east end of the property will be constructed a concrete platform for the storage of lath and shingles, with space for piling posts.

L. F. Hough, local manager for the Standard Lumber Co., is very enthusiastic over the new location and the arrangement of the buildings. Under his leadership, the business of the company has increased greatly since the lumber interests of the Winner-Adams Co., were purchased over a year ago, and it is felt that in a more central location, easily accessible to the business district, in fact a part of it, an even more liberal patronage will be received.

All of the products of the company will be housed at the new location with the exception of the coal and wood which will occupy the present site near the railway tracks.

BRAINERD GETS MENTION

Writer in Sacramento Bee Refers to Fine Accommodations at the Tourist Camp

In a letter to the Dispatch from Sacramento, Calif., Otto J. Furhop, Box 1500, Motor Route "B," a former old resident of Brainerd, writes: "What's the matter with Brainerd? I say she's all right, if you don't believe my statement, just read this letter from the people in the following clipping from the Sacramento Bee.

"I claim this is some boost for 'my old town of Brainerd, the so-called 'City of Pines,' in the land of iron mines."

Editor of The Bee—Sir: I have just read an article in The Bee's auto and outing section about the tour of Mr. and Mrs. Stroder and I wish to voice the same sentiment about the roads. Having traveled close to 8,000 miles and over sixteen states by auto, I am in a position to state that the western states can certainly feel highly complimented as regards their highways.

I joined Mr. and Mrs. Woods at Portland and we drove into Canada by way of Sault Ste. Marie and on to Sudbury. We left the car there and made a short rail journey to Togamus. From there we traveled for two days through several small lakes and over three portages and finally down the Mettagami River to Timmins. On our return trip, my sister, Mrs. McLain (formerly Miss Esther Anderson of this city) and her son joined the party and we visited a great many cities and points of interest, including Hunters Hog Springs and Yellowstone Park, camping over night at the various tourist camps.

We were greatly surprised at the

HOTEL SURVEY OF CITY

Hockenbury System, Inc., of Harrisburg, Penn., Wants to Make One of Brainerd

Much interest has been displayed in Brainerd at various times recently in additional hotel accommodations for the city, and this fact has come to the attention of the Hockenbury System, Inc., of Harrisburg, Pennsylvania, a company that makes a business of assisting in the erection of hotels throughout the United States, having successfully put over a large number in some of the principal cities of the country.

This system has asked that the civic organizations of Brainerd take up the matter with the people locally and if enough interest is manifested, to invite the company to send an expert to make a survey of the city to determine whether or not additional hotel facilities are needed here.

The matter was first called to the attention of the Lions club, at its regular meeting Wednesday evening, and while this club does not take any stands from a business point of view, the idea of having a survey taken of the city, was endorsed, on the grounds that it would settle the problem of whether or not Brainerd would benefit from such additional hotel service, the Lions being interested in anything which tends to build up the city and community.

A survey of Brainerd does not necessarily mean that the city will have another hotel, it is pointed out, but rather gives citizens locally the opinion of an expert on such matters.

The Hockenbury System's most recent achievement is said to be the new hotel just completed in Superior, Wisconsin. It is also claimed that this company was interested in the erection of the New Nicollet in Minneapolis.

The other civic organizations of the city will also be called upon to take action on the matter of having a survey made, without charge of any kind, and if enough interest is displayed, such a survey would be made in the near future.

conveniences that were to be found in some of them. Brainerd, Minn., is worthy of special mention, having provided tables, free stoves and gas, shower baths, etc. At Sugar City, Idaho, tourists are serenaded by a male quartet which makes the travelers feel at home and cherish a kindly remembrance for that city.

I am in hopes that the city of Sacramento will take an active interest in her tourist camp, as that is a very profitable way to boost the city, as we met a large number of fellow tourists en route here for a visit, intending to remain provided they liked it well enough.

I wish you would publish at least some of this, which might help to make some of the residents of this city take an interest in the tourist camp. It means more to any city than most citizens realize.

Sincerely,
MRS. ROBERT WALL.
Sacramento, October 4, 1923.

GETS AN INCREASE IN WAGE SCHEDULE

Sheet Metal Workers of Northern Pacific in Conference With Officials at St. Paul

2 CENTS AN HOUR INCREASE
Dates From October 16th and is to Continue For One Year From Such Date

William A. Bohmann, sheet metal worker at the local Northern Pacific shops, and representative of the associated organizations of shop crafts employees of the Northern Pacific Railway Co., has just returned from a scheduled meeting in St. Paul with officials of the company relative to a new working schedule.

An increase of two cents per hour and the changing of some rules and working agreements were effected at this conference.

Officials of the Northern Pacific expressed high regard for the way the association has handled its work in the past year, and is anticipating much progress in the year to come, said Mr. Bohmann. Both parties were highly pleased with the new schedule which dates from October 16th, and continues one year.

"FEAST OF THE LITTLE LANTERNS"

Rehearsals Going Forward Rapidly
For the High School Operetta

GIVEN OCT. 29 AT NEW PARK
Several Faculty Members and About 30 Students Working on Production

Rehearsals are going forward rapidly on the "Feast of the Little Lanterns," the operetta which will be staged by the girls glee club of the Brainerd high school, on Monday evening, Oct. 29th at the New Park theatre.

With several faculty members and about thirty students working hard on the production of this operetta, singing, making kimonos and orange blossoms, rehearsing, etc., it promises to be a big success.

While the girls glee club is furnishing the cast for the "Feast of the Little Lanterns," the high school boys are working out special numbers to be staged between the acts.

The operetta, with a cast selected from the best talent to be found in the high school, will be presented under the most favorable circumstances. The proceeds derived will be used in purchasing a loud speaker for the radio set at the high school.

Seat reservations will be made at the New Park on Friday, the 26th of October at 4 p. m. The price of admission is fifty cents. Tickets are being sold by high school students or they may be purchased at the Washington school office. As there are only 630 seats in the theatre, only that number of tickets will be offered for sale, and it will be necessary for those wishing to get seats to purchase them in the near future.

STANDARD LBR. CO. STARTS BUILDING

Work Progressing Rapidly on the Foundation and Piers at Seventh and Maple

MAIN SHED TO BE MOVED
Measures 60 by 100 Feet, Will be Enlarged to 80 by 140 Feet, Facing on Seventh Street

Work is progressing rapidly on the foundation and piers for the buildings of the Standard Lumber Company at the new location, corner of Maple and South Seventh street. It is expected that this concrete work will be completed in the next week or ten days, if the weather permits.

The main lumber shed, now in use by the company at its old location near the river bridge, will be moved to the new site and will form the nucleus of the proposed plant there. This shed is 60 ft. by 100 ft. and will be enlarged to 80 ft. by 140 ft. It will face on Seventh street but placed forty feet back from the sidewalk.

Occupying the space between this shed and the walk will be two buildings, one on either side of a driveway, one will be the office, the other the sash and door warehouse. Both of these buildings will be built along the bungalow line. The office will be directly on the corner with a corner entrance facing northwest. It will be modern throughout, with a full basement, furnace, etc. The office dimensions will be 37 ft. by 22 ft. the sash and door warehouse 37 ft. by 38 ft. Wagon scales will be installed on the north side of the office on the boulevard.

This arrangement of buildings is an entirely new departure in lumber yard construction, and is planned for its convenience as well as for the better housing of the company's products.

Along the south line of the property a new lumber shed 15 ft. by 70 ft. is to be constructed, an ornamental fence and gate connecting it with the main building on the north. As now planned, there will be enough shed room to store over half a million feet of lumber under cover.

At the rear or east end of the property will be constructed a concrete platform for the storage of lath and shingles, with space for piling posts.

L. F. Hough, local manager for the Standard Lumber Co., is very enthusiastic over the new location and the arrangement of the buildings. Under his leadership, the business of the company has increased greatly since the lumber interests of the Winnor-Adams Co. were purchased over a year ago, and it is felt that in a more central location, easily accessible to the business district, in fact a part of it, an even more liberal patronage will be received.

All of the products of the company will be housed at the new location with the exception of the coal and wood which will occupy the present site near the railway tracks.

BRAINERD GETS MENTION

Writer in Sacramento Bee Refers to Fine Accommodations at the Tourist Camp

In a letter to the Dispatch from Sacramento, Calif., Otto J. Furhop, Box 1500, Motor Route "B," a former old resident of Brainerd, writes:

"What's the matter with Brainerd? I say she's all right, if you don't believe my statement, just read this letter from the people in the following clipping from the Sacramento Bee.

"I claim this is some boost for 'my' old town of Brainerd, the so-called 'City of Pines,' in the land of iron mines."

Editor of The Bee—Sir: I have just read an article in The Bee's auto and outing section about the tour of Mr. and Mrs. Stroder and I wish to voice the same sentiment about the roads. Having traveled close to 8,000 miles and over sixteen states by auto, I am in a position to state that the western states can certainly feel highly complimented as regards their highways.

I joined Mr. and Mrs. Woods at Portland and we drove into Canada by way of Sault Ste. Marie and on to Sudbury. We left the car there and made a short rail journey to Togano. From there we traveled for two days through several small lakes and over three portages and finally down the Mettagami River to Timmins. On our return trip, my sister, Mrs. McLain (formerly Miss Esther Anderson of this city) and her son joined the party and we visited a great many cities and points of interest, including Hunters Hot Springs and Yellowstone Park, camping over night at the various tourist camps.

We were greatly surprised at the

HOTEL SURVEY OF CITY

Hockenbury System, Inc., of Harrisburg, Penn., Wants to Make One of Brainerd

Much interest has been displayed in Brainerd at various times recently in additional hotel accommodations for the city, and this fact has come to the attention of the Hockenbury System, Inc., of Harrisburg, Pennsylvania, a company that makes a business of assisting in the erection of hotels throughout the United States, having successfully put over a large number in some of the principal cities of the country.

This system has asked that the civic organizations of Brainerd take up the matter with the people locally and if enough interest is manifested, to invite the company to send an expert to make a survey of the city to determine whether or not additional hotel facilities are needed here.

The matter was first called to the attention of the Lions club, at its regular meeting Wednesday evening, and while this club does not take any stands from a business point of view, the idea of having a survey taken of the city, was endorsed, on the grounds that it would settle the problem of whether or not Brainerd would benefit from such additional hotel service, the Lions being interested in anything which tends to build up the city and community.

A survey of Brainerd does not necessarily mean that the city will have another hotel, it is pointed out, but rather gives citizens locally the opinion of an expert on such matters.

The Hockenbury System's most recent achievement is said to be the new hotel just completed in Superior, Wisconsin. It is also claimed that this company was interested in the erection of the New Nicollet in Minneapolis.

The other civic organizations of the city will also be called upon to take action on the matter of having a survey made, without charge of any kind, and if enough interest is displayed, such a survey would be made in the near future.

conveniences that were to be found in some of them. Brainerd, Minn., is worthy of special mention, having provided tables, free stoves and gas, shower baths, etc. At Sugar City, Idaho, tourists are serenaded by a male quartet which makes the travelers feel at home and cherish a kindly remembrance for that city.

I am in hopes that the city of Sacramento will take an active interest in her tourist camp, as that is a very profitable way to boost the city, as we met a large number of fellow tourists en route here for a visit, intending to remain provided they liked it well enough.

I wish you would publish at least some of this, which might help to make some of the residents of this city take an interest in the tourist camp. It means more to any city than most citizens realize.

Sincerely,
MRS. ROBERT WALL.
Sacramento, October 4, 1923.

GETS AN INCREASE IN WAGE SCHEDULE

Sheet Metal Workers of Northern Pacific in Conference With Officials at St. Paul

2 CENTS AN HOUR INCREASE
Dates From October 16th and is to Continue For One Year From Such Date

William A. Bohmann, sheet metal worker at the local Northern Pacific shops, and representative of the associated organizations of shop crafts employees of the Northern Pacific Railway Co., has just returned from a scheduled meeting in St. Paul with officials of the company relative to a new working schedule.

An increase of two cents per hour and the changing of some rules and working agreements were effected at this conference.

Officials of the Northern Pacific expressed high regard for the way the association has handled its work in the past year, and is anticipating much progress in the year to come, said Mr. Bohmann. Both parties were highly pleased with the new schedule which dates from October 16th, and continues one year.

PAPYRUS HAS MAGNIFICENT LAST WORKOUT

(By United Press)
Belmont Park Race Track, New York, Oct. 18.—Papyrus, English champion, had a magnificent last workout today for the international purse race on Saturday. He bids fair to go to the post with betting even.

A large crowd of turf enthusiasts, including August Belmont, Foxhall Keen, Viscountess Lady Torrington and Robert Soray were thrilled as the black son of Tracery Hardheld reeled off a trial mile and one-eighth in 1:51 2-5.

Zev did not appear, Sig Hildreth having given the American champion a last test yesterday.

Steve Donoghue, the diminutive Irish jockey, had a leg up on Papyrus and swung from the saddle all agarin at the finish into the arms of Basil Jarvis, trainer.

There was a crowd of more than one thousand out in the chill of the early morning when Papyrus and his stable companion, Bar Gold, were away. A buzzing as though it had been an actual race arose as Papyrus came into the stretch. He strode easily away from his pacemaker and turned off his mile in 1:38 2-5, going on easily to the next furlong post.

If anything, Donoghue was holding him back.

"He always does better when he is allowed to run," Jarvis said.

Tattered railbirds set up a chatter of predictions that it would make Papyrus a favorite over Zev.

RICKARD ARRANGING HEAVYWEIGHT BOUTS

New York, Oct. 18.—Tex Rickard is arranging a flock of heavyweight battles this winter. First of all, Tex has his hooks out for a rumus between Harry Wills and Bill Tate and means to send the winner against Luis Angel Firpo.

Wills and Tate had an altercation in Portland, Ore., some time back, in which both claimed victory. Either man would make an ideal opponent for Firpo and the match would serve as sort of a warm up for the South American while waiting for another crack at Dempsey.

Georges Carpentier, the French boxer, sent word to Rickard that the terms offered him to fight Tommy Gibbons were acceptable and that he would start for this country just as soon as a date for the bout was set. However, Gibbons is holding up the works and Rickard is peeved. He may pass up Gibbons unless the latter comes down in his demands.

In the event that Gibbons refuses to yield a few points, Rickard might choose Gene Tunney to do battle against the Frenchman. Gene and Mike McTigue have been matched to meet for the light heavyweight championship of the world. No official announcement to this effect has been made as yet, but everything is settled and the official O. K. will come along in a few days.

Harry Greb, the Pittsburgh flash, has been snooping around for a crack at McTigue, but Tunney has been given the preference and the jam will be held in Madison Square Garden within a few weeks.

Battling Siki called on Rickard and asked for a postponement of his match with Kid Norfolk, which was scheduled for the Garden on Oct. 26. The battler feels that he needs more time to make ready and wants to be fit when he tackles the New Orleans Negro. The chances are that the bout will go over until Nov. 12.

FIGHT RESULTS

Los Angeles, Oct. 18.—Jimmy Delaney, of St. Paul, 162 pound boxer, won an easy decision over Willie Meehan, San Francisco, in the main event at Vernon arena. In the semi-windup Johnny O'Donnell defeated Al Grunani. They weighed in at 135 pounds.

Bob Roper Loses
Shreveport, La., Oct. 18.—Joe Lehman, of Toledo, had the better of Captain Bob Roper, of Chicago, in a 15 round bout, according to the referee here. Lehman weighed 178 and Roper 191.

Johnny Curtin Scores K. O.
New York, Oct. 18.—"Irish" Johnny Curtin, Jersey City, won a technical knockout over Pete Zivic, Pittsburgh, in the fourth round of their 12 round bout at the Pioneer Sporting club. The referee stopped the fight in the fourth when the Pittsburgher regained his feet after a knockdown.

Eddie Anderson Wins
Terre Haute, Ind., Oct. 18.—Eddie Anderson, Chicago bantamweight, outpointed Tommy Murray, Philadelphia, in 10 rounds here.

BUSH TO BARNSTORM WITH BABE RUTH

The world's series winners, the Yanks, are scattering after the big series.

Some of the champions are going home; others are going barnstorming. Bob Meusel will start for his home on the Pacific coast, along with Brother Emil of the Giants.

Wally Pipp, accompanied by his father and his wife, will motor to his home in Grand Rapids, Mich., where he intends to give his badly swollen ankle a much needed rest.

Babe Ruth will be commander-in-chief of a barnstorming expedition that will navigate around the east and possibly into the middle west. Babe will collect \$1,500 for himself from each game in which he participates. Joe Bush, Wally Schang and

maybe Waite Hoyt will go with him. Herb Pennock intends to start for Canada on a hunting trip. Bob Shawkey has organized a hunting party to go to Maine.

Whitey Witt, Joe Dugan, Aaron Ward, Freddie Hoffman and the reserve players will barnstorm Pennsylvania and other points.

Each of 26 Yank regulars will receive more than \$6,000.

WINTRY BLASTS AT BALL GROUNDS

(By United Press)
Kansas City, Mo., Oct. 18.—Wintry blasts swept across Association Park today where Kansas City and Baltimore are scheduled to resume their post-season series this afternoon.

Officials announced shortly before noon that the game would be played as scheduled at 2 p. m.

Henry Karhunssara Has Three Matches Lined

Duluth, Oct. 17.—Henry Karhunssara, the Virginia wrestler, was in Duluth yesterday. The Finnish grappler passed through Duluth on his way home from Port Arthur, where he wrestled Otto Linko in a three-hour draw. Karhunssara has three matches lined up in Canada.

Karhunssara originally developed as a wrestler in Brainerd, having resided in Southeast Brainerd.

"POP" GLEASON HAS RESIGNED AS MANAGER

Chicago, Oct. 17.—"Pop" Gleason, for years leader of the Chicago American league baseball club, has resigned as manager, and will not be

induced to return, he told the United Press today.

"I have handed in my resignation and am through," he said. Gleason refused to give the reason for his resignation. It was stated, however, that he felt he could not continue as manager because of dissatisfaction manifested over the showing of the White Sox.

San Antonio, Texas, Oct. 18.—Kid Pancho, San Antonio flyweight, knocked out Tony Norman, Pittsburgh flyweight, in the eighth round of their scheduled 12 round bout. Pancho found Norman exceedingly fast and clever as himself and did not solve the smoky city boy's defense until the eighth.

Johnny Simpson, knocked out Sam Rico, holder of two Mexican championships, in the third round of their scheduled eight round bout. They are lightweights.

PAPYRUS HAS MAGNIFICENT LAST WORKOUT

(By United Press)
Belmont Park Race Track, New York, Oct. 18.—Papyrus, English champion, had a magnificent last workout today for the international purse race on Saturday. He bids fair to go to the post with betting even. A large crowd of turf enthusiasts, including August Belmont, Foxhall Keen, Viscountess Lady Torrington and Robert Soray were thrilled as the black son of Tracery Hardheld reeled off a trial mile and one-eighth in 1:51 2-5.

Zev did not appear, Sig Hildreth having given the American champion a last test yesterday.

Steve Donoghue, the diminutive Irish jockey, had a leg up on Papyrus and swung from the saddle all aglitter at the finish into the arms of Basil Jarvis, trainer.

There was a crowd of more than one thousand out in the chill of the early morning when Papyrus and his stable companion, Bar Gold, were away. A buzzing as though it had been an actual race arose as Papyrus came into the stretch. He strode easily away from his pacemaker and turned off his mile in 1:38 2-5, going on easily to the next furlong post.

If anything, Donoghue was holding him back.

"He always does better when he is allowed to run," Jarvis said.

Tattered railbirds set up a chatter of predictions that it would make Papyrus a favorite over Zev.

RICKARD ARRANGING HEAVYWEIGHT BOUTS

New York, Oct. 18.—Tex Rickard is arranging a flock of heavyweight battles this winter. First of all, Tex has his hooks out for a rumble between Harry Wills and Bill Tate and means to send the winner against Luis Angel Firpo.

Wills and Tate had an altercation in Portland, Ore., some time back, in which both claimed victory. Either man would make an ideal opponent for Firpo and the match would serve as sort of a warm up for the South American while waiting for another crack at Dempsey.

Georges Carpentier, the French boxer, sent word to Rickard that the terms offered him to fight Tommy Gibbons were acceptable and that he would start in this country just as soon as a date for the bout was set. However, Gibbons is holding up the works and Rickard is peeved. He may pass up Gibbons unless the latter comes down in his demands.

In the event that Gibbons refuses to yield a few points, Rickard might choose Gene Tunney to do battle against the Frenchman. Gene and Mike McTigue have been matched to meet for the light heavyweight championship of the world. No official announcement to this effect has been made as yet, but everything is settled and the official O. K. will come along in a few days.

Harry Greb, the Pittsburgh flash, has been snooping around for a crack at McTigue, but Tunney has been given the preference and the jam will be held in Madison Square Garden within a few weeks.

Battling Siki called on Rickard and asked for a postponement of his match with Kid Norfolk, which was scheduled for the Garden on Oct. 26. The battler feels that he needs more time to make ready and wants to be fit when he tackles the New Orleans Negro. The chances are that the bout will go over until Nov. 12.

FIGHT RESULTS

Los Angeles, Oct. 18.—Jimmy Delaney, of St. Paul, 162 pound boxer, won an easy decision over Willie Meehan, San Francisco, in the main event at Vernon arena. In the semi-windup Johnny O'Donnell defeated Al Grunau. They weighed in at 135 pounds.

Bob Roper Loses
Shreveport, La., Oct. 18.—Joe Lehman, of Toledo, had the better of Captain Bob Roper, of Chicago, in a 15 round bout, according to the referee here. Lehman weighed 178 and Roper 191.

Johnny Curtin Scores K. O.
New York, Oct. 18.—"Irish" Johnny Curtin, Jersey City, won a technical knockout over Pete Zivic, Pittsburgh, in the fourth round of their 12 round bout at the Pioneer Sporting club. The referee stopped the fight in the fourth when the Pittsburgher regained his feet after a knockdown.

Eddie Anderson Wins
Terre Haute, Ind., Oct. 18.—Eddie Anderson, Chicago bantamweight, outpointed Tommy Murray, Philadelphia, in 10 rounds here.

BUSH TO BARNSTORM WITH BABE RUTH

The world's series winners, the Yanks, are scattering after the big series.

Some of the champions are going home; others are going barnstorming. Bob Meusel will start for his home on the Pacific coast, along with Brother Emil of the Giants.

Wally Pipp, accompanied by his father and his wife, will motor to his home in Grand Rapids, Mich., where he intends to give his badly swollen ankle a much needed rest.

Babe Ruth will be commander-in-chief of a barnstorming expedition that will navigate around the east and possibly into the middle west. Babe will collect \$1,500 for himself from each game in which he participates. Joe Bush, Wally Schang and

maybe Waite Hoyt will go with him. Herb Pennock intends to start for Canada on a hunting trip. Bob Shawkey has organized a hunting party to go to Maine.

Whitey Witt, Joe Dugan, Aaron Ward, Freddie Hoffman and the reserve players will barnstorm Pennsylvania and other points.

Each of 26 Yank regulars will receive more than \$6,000.

WINTRY BLASTS AT BALL GROUNDS

(By United Press)
Kansas City, Mo., Oct. 18.—Wintry blasts swept across Association Park today where Kansas City and Baltimore are scheduled to resume their post-season series this afternoon.

Officials announced shortly before noon that the game would be played as scheduled at 2 p. m.

Henry Karhunsara Has Three Matches Lined

Duluth, Oct. 17.—Henry Karhunsara, the Virginia wrestler, was in Duluth yesterday. The Finnish grappler passed through Duluth on his way home from Port Arthur, where he wrestled Otto Linko in a three-hour draw. Karhunsara has three matches lined up in Canada.

Karhunsara originally developed as a wrestler in Brainerd, having resided in Southeast Brainerd.

"POP" GLEASON HAS RESIGNED AS MANAGER

Chicago, Oct. 17.—"Pop" Gleason, for years leader of the Chicago American league baseball club, has resigned as manager, and will not be

induced to return, he told the United Press today.

"I have handed in my resignation and am through," he said. Gleason refused to give the reason for his resignation. It was stated, however, that he felt he could not continue as manager because of dissatisfaction manifested over the showing of the White Sox.

San Antonio, Texas, Oct. 18.—Kid Pancho, San Antonio flyweight, knocked out Tony Norman, Pittsburgh flyweight, in the eighth round of their scheduled 12 round bout. Pancho found Norman exceedingly fast and clever as himself and did not solve the smoky city boy's defense until the eighth.

Johnny Simpson, knocked out Sam Rico, holder of two Mexican championships, in the third round of their scheduled eight round bout. They are lightweights.
